Hi Mark,

Apologies on the delay, I ended up being out of the office longer than expected. The County has, as of now, denied this request citing security concerns.

Our County Counsel did just share some websites with me, which advertises the "findings" of our office tour and more information coming, which makes it sound like some big bombshell is coming on how we conducted our election in Sacramento County. I am not sure how the information will be presented or what it will look like - I just respectfully request that you don't share the pictures of the server room, as we mutually agreed to keep those private during the tour, as I don't know if that could create a security vulnerability.

I hope you had a very merry Christmas and I wish you the best of luck in your future endeavors.

Best,

Courtney Bailey-Kanelos

Courtney,

I hope you and your family had a wonderful Christmas!

Are we clear to proceed?

Mark

No I cannot confirm that, County Counsel and DTECH are reviewing the request and have 10 days to respond.

Maybe it will be shorter, just not sure!

Thanks!

Courtney,

Can you confirm we will be provided the necessary access to obtain the items listed on the FOIA referenced below?

Thank you very much,

Mark

No this is one I sent last night. I just re-attached to this email.

I saw the flyer on your conference or would have dropped it off in person
